

## HIS TYPHUS PAPER UNREAD.

Convention Holds Young Dr. Plotz Violated Medical Ethics.

ATLANTIC CITY, May 14.—Dr. Harry Plotz, the young intern of Mount Sinai Hospital, New York, and his supposed recovery of a typhus fever germ were discussed yesterday at the last session of the twenty-ninth annual conference of the Association of American Physicians. The executive officers of the association, who met in Atlantic City, held the reply that the young physician had failed to submit his findings to the Board of Medical Censors of the association, and that he had violated the medical world and the public against mistakes.

It is said an executive session was held, at which it was decided to bar Plotz from reading his paper, on the ground that medical ethics had been violated by premature publication of the alleged discovery. Friends of Plotz said he was not responsible for the publication and would invite an investigation in order to save himself from professional discredit.

## The Effects of Opiates.

WHAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells which are likely to become permanent, causing abnormality, mental perversion, a craving for alcohol or narcotics in later life. Various diseases, such as intractable nervous dyspepsia and lack of staying power are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly urged, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to use them willfully with narcotics.

Cocaine contains no narcotics if it bears the signature of Chas. H. Fletcher. Genuine Castoria always bears the signature of J. C. Ayer & Co.

## CITY MAY BUILD HOME FOR MAGISTRATES' COURT

Sinking Fund Commission Appoints a Committee to Look at Sites and Report on Cost.

The possibility of the city erecting a building for the Magistrates' Court on Washington Heights, instead of taking a lease of Commonwealth Hall, was discussed by the Sinking Fund Commission yesterday. John Whalen, chairman of the committee, said he had offered to put up a two-story building at Amsterdam avenue and One Hundred and Fifty-fourth street and rent it to the city for \$6,500 a year. When the Mayor inquired what it would cost Mr. Whalen to erect the building, Charles O'Malley, the real estate appraiser of the Finance Department, replied \$25,000. "What would it cost the city?" asked the Mayor. "Fifty thousand," said O'Malley. "What twice the amount?" asked City Chamberlain Henry Bruce. "Yes, with the restrictions that the Art Commission throws around the erection of any building in the city," said Mayor Mitchell. He thought it would be better economy for the city to build any way, and that is the course that will probably be followed. Chief Magistrate McAdoo, President McAneny and Acting Comptroller Brough were appointed a committee to look over sites and report on the probable cost of building.
